Mayor's Message

Hello fellow Hanwellians. I am extremely impressed and grateful to all our residents on how everybody was handling an extreme situation. It has now been over months since there has been any significant amount of rain, the forests are a tinderbox and the water table is low. Residents have done their part staying out of the woods and conserving water. I realize the difficulty in changing how one lives their daily lives. Congratulations to one and all, lets hope we have a rainy spell soon.

On another less stressful front Hanwell Days 2025 was a great success. All events were well attended and the firefighters' breakfast raised thousands of dollars for a very worthwhile cause. Once again, the generosity of our residents is beyond scope.

On another serious matter, the new school year has begun, and I would like to remind everyone that students are back and keeping alert and maintaining traffic safety is paramount.

What a wonderful community we live in!

Community Centre locations: Hanwell Place, 5 Nature Park Drive, and the Upper Kingsclear Community Centre, 22 Mazerolle Settlement Road.

We thank all who helped our community by complying with the restrictions of Crown land, and the provincial burn ban.

As we move toward the fall and are still in wildfire season, which is known also to be burning season, until October 31st, we encourage residents to continue to check the Fire Watch website, daily at 2:00 p.m., for updates on burn notices.

The Fire Watch website is found at this link: <https://www.gnb.ca/en/topic/laws-safety/emergency-preparedness-alerts/fire-watch.html>.

To speak to someone over the phone regarding fire related inquiries, you can call: 1-833-301-0334.

Last but not least, we continue to express our sincerest gratitude for the firefighters who continue to go above and beyond, as well as all who have continued to do the same in supporting their efforts!

Council's Corner

May- August 2025

Yoho Park

- The new park has a tentative completion date of October 31st.
- Site Preparation, and Parking Lot are to be completed by October 10th.
- Playground equipment and pavilion will be installed.
- Funds for this project will be under the Canada Community Building Fund (formerly known as the Gas Tax Fund).

Recreation Master Plan

- The Request for Proposal was awarded to the Glenn Group.
- Surveys were done with 151 participants, thank you to everyone that participated.
- A public meeting will be held at Hanwell Place on September 18th from 4-6pm.

Traffic Concerns on Hanwell Road

- Meetings have been held with our business community as well as our MLA, Cindy Miles, Ministers of Public Safety and Minister of Transportation and Infrastructure.
- Mayor Morrison and the CAO met with DTI staff on August 21st to discuss a temporary solution.

Property Purchased

- As discussed on the Jan-April 2025 Council Corner, 17.7 acres of property were purchased. This property is adjacent to Camber Drive with frontage on Hanwell Road.
- At the July 28th Special Meeting of Council approval was given to purchase 40 acres of property on Lunn Lane. This property is off the Mazerolle Settlement Road with frontage on the Trans-Canada Highway.
- Each year since we became a municipality in 2014, any surplus that we may have from unexpected revenue, is transferred to a Capital Reserve Fund (savings account) to be used for future projects, such as these purchases.
- These properties are great assets to Hanwell for future development (Ex. Recreation, community gardens, trails, housing, the possibilities are endless)

Welcome to Hanwell Signs

- New Welcome to Hanwell Signs will be installed this fall on both ends of Route 102, in Upper Kingsclear and Island View.

Blue Trails Project

- A consultant has been hired by the Capital Regional Service Commission to work with regional municipalities to identify the blue trails (water) in our region. The objective of the project is to increase tourism, improve accessibility, to foster sustainability and to foster community partnerships.

Community Wildfire Resiliency Plan

- Forest fires have been a great concern for our Emergency Measures committee, council and our residents, especially now, as the forest fires are becoming a daily concern and closer to home.
- Staff have applied for funding through Fire Smart for assistance with a Community Wildfire Resiliency Plan; we haven't heard if we were approved yet though.

Summer Students

- A special thanks goes out to our summer students. The last few weeks have been challenging as we weren't able to work on our trails, mow lawn or work in the woods.
- Best wishes to you all in your studies.

Speeding on Milky Way Drive

- Concerns were raised about the speeding issues on Milky Way Drive around the area of the Ralph Gorman Park, and that the children playing signs have become hidden by overgrowth of a tree/brush.
- Staff contacted DTI asking to have this area cleared and possibly install a flashing light on the children playing signs as an extra precaution.
- The bushes have been cleared, and we are still investigating the flashing light with DTI.

Purchase of Radar Speed Signs

- Council approved purchase of 4 additional radar speed signs for our subdivisions

Upper Kingsclear Hanwell Fire Department

- A special thank you is extended to each member of our Upper Kingsclear Hanwell Fire Department as well as their families.
- We are very fortunate to have such a well-respected and dedicated fire department with over 50 volunteers. In the period of January- June 2025, our fire department responded to over 100 calls, and this does not include their weekly training sessions on Wednesday nights, the various inspections that are required and the weekly truck/equipment checks that they do each Sunday.
- We have been very fortunate that we haven't had many forest fires, however we had one on Route 3 in Smithfield area that needed to be monitored for 3 days, and they have received numerous fires in ditches that have been carelessly started.
- We urge all our residents to be extremely vigilant during the next few months and especially until we have a long period of rain.
