Introductions- New Committee Member:

- The committee welcomed Doug Wilson of Islandview to our committee. Mr. Wilson has 22 years in the fire service and 37.7 years in Regional Government in Ontario. Him and wife moved to NB 3 years ago after retiring to be closer to their grandchildren. Mr. Wilson's wife has also offered to assist the committee during emergencies.

Sentinel Overview:

- We now have 682 people registered through Sentinel, this is people not households.
- Mark Murray and staff will be updating the system as we collect information and documents as it hasn't been updated for a few years.
- We will send out a notice to those that are registered asking for them to update their information.
- The committee will have a table during the Hanwell Days events (Saturday and the breakfast on Sunday) to get residents signed up.
- For the month of May, anyone that registers will be eligible for a draw for an Emergency Kit.
- It was suggested that we contact the higher risk companies asking if they have an emergency plan and if they would like for us to add the pdf file to our system for emergency purposes.
- Our Emergency Plan must be updated to include critical sites as well as vulnerable businesses for those in the Kingsclear area.

Hanwell Days:

- The committee will have tables and information set up during the activities; once times and events have been confirmed an email will be sent to the committee.
