

## COMMITTEE REPORT

# EMERGENCY MEASURES

DATE: September 28, 2022

ATTENDEES: Susan Cassidy, Chris Bringloe, Mike Mockler, Evelyn Fidler, John Johnston, Mark Murray, Ross Mathers, Terri Parker (EOC Coordinator/Clerk-Treasurer), Megan Keenan (staff), Sherri Johnston (staff).

ABSENT: Carla Ward

**Meeting Called to Order- 6:05pm**

The meeting was passed over to our committee member Mike Mockler to discuss weather and how it impacts power outages.

A presentation was given on the differences in weather and the impact it has on the Winter/Spring and Summer/Fall seasons. He also explained how weather can impact trees on the coastline compared to our area.

Another discussion was on the generator usage and how to use and store them correctly. The EMO committee will be drafting a Generator Safety Usage & Storage in the winter edition of the Hanwell Herald.

We discussed how we could use this information to create a desktop exercise in our coming meetings.

**Meeting Adjourned: 7:45 pm**

Respectively Submitted,  
Terri L Parker  
EOC Coordinator
