

## COMMITTEE REPORT

# EMERGENCY MEASURES

DATE: July 27, 2022

ATTENDEES: Susan Cassidy, Chris Bringloe, Doug Wilson, Mike Mockler, Evelyn Fidler, Terri Parker (EOC Coordinator/Clerk-Treasurer), Megan Keenan (staff)

ABSENT: John Johnston, Carla Ward, Mark Murray, Ross Mathers, Jason Vallis, Sherri Johnston (staff)

### Meeting Called to Order- 6pm

**Introductions:** Megan Keenan (staff) was introduced to the committee; Megan will be replacing Emily Gregory as the Administrative & Communications Coordinator while Emily is on maternity leave.

**Potential Threats Within the New Entities:** As we continue with the municipal reform the committee discussed potential threats within the Kingsclear entity. We decided that like Hanwell, fire was the biggest threat and flooding was more localized than any occurrences from the river or dam. There are a couple of nursing homes in Islandview that we should investigate.

**Future Sentinel Alert Message:** As previously discussed, another alert will be sent before school opens encouraging everyone to get signed up. After the last alert message, we received a few comments that people thought it was a scam or didn't understand what was required. The original message will be forwarded to the committee and then we will discuss it further at the next meeting.

**Future EMO Meetings:** Due to the extra workload and the extra requirements for the municipal reform I (Clerk/EOC Coordinator) needs to step back from the organizing of the EMO meetings. The committee decided that having two meetings a month will only be necessary for those months that we are working on something or need something done. Various presentations and exercises were discussed in which members of the committee will oversee, if required.

- Logging Exercise- Susan Cassidy
- Review of Emergency Plan Revisions- Carla Ward (this one may take 2 meetings)
- Chief Crouse will attend a meeting and answer any concerns
- Presentation by DNR- Chris Bringloe
- Presentation by Brent Peterson (Ham Radio Coordinator)
- Training Exercise on Power Outages/Wind- Mike Mockler
- Tabletop Exercise- If Hurricane Arthur Hit in November- Terri Parker

**Other Business:** The EOC Coordinator will contact NB911 to get maps of our new entity so that we can have them during an emergency. A few years ago, they printed the ones for Hanwell/Yoho area, approx. 36x36 or larger.

### Meeting Adjourned: 7pm

Respectively Submitted,  
Terri L Parker  
EOC Coordinator
